the palgrave handbook of disability and communication covers a broad spectrum of topics related to how we perceive and understand disability and the language constructs constraints and communication behavior that shape disability discourse within society the essays and original research presented in this volume address important matters of disability identity and

intersectionality broader cultural narratives and representation institutional constructs and constraints and points related to disability justice advocacy and public policy in doing so this book brings together a diverse group of over 40 international scholars to address timely problems and to promote disability justice by interrogating the way people communicate not only to people with disabilities but also how we communicate about disability and how people express themselves through their disabled identity

this important reference work maps the terrain of disability across the world by providing an overview of issues concerns and developments in the domains of society culture medicine law policy justice education economics and science and technology it is a truly inclusive volume bringing together perspectives from researchers activists professionals service providers international development experts and policymakers based in the global north and south and it particularly focuses on the voices of the principal stakeholders disabled persons themselves working from an interdisciplinary matrix this book reviews historical developments contemporary practices and policies it addresses hitherto uncharted areas in the disability discourse that will be significant in the years to come in the modern world the social and medical responses to disability have been separation segregation and incarceration of disabled people these responses are reflected in practices of special education building of asylums medical classifications and sheltered employment current thinking on disability is based on the need to overcome such segregation through the enactment of human rights and socially just programmes policies and laws such as inclusive education affirmative action reasonable accommodation and supported decision making this book explores the evolution of the concept of disability over space and time and identifies approaches to disability debility equality and equity broad trends in research on disability across the world new directions in work on disability the emergence of a global disability movement and its etiology

intersections of disability with other demographic variables like gender race caste and age and historical and socio economic interfaces with colonialism globalization and social development spread over 14 sections and spanning more than 80 chapters this volume is the most comprehensive up to date reference work available on the subject

this volume offers a rare mix of interpretive chapters and primary sources that will be of value to anyone interested in learning about important disability related issues and exploring the perspectives of disabled people disability has become a human rights and social justice issue that should concern all americans access to safe affordable and effective health care access to safe and affordable housing access to reliable and efficient public transportation and the ability to work and participate freely in the community are central to disability justice movements unlike encyclopedias or biographical dictionaries that only offer brief accounts of key topics people events and organizations disability a reference handbook provides important interpretive and analytical frameworks and meaningful primary evidence the book opens with a chapter dedicated to the history of disability in the united states placing 21st century issues and concerns within their contexts the next chapter explores important controversies and questions related to disability the third chapter brings diverse voices to the topic and the fourth chapter offers valuable profiles of key people and organizations the remaining chapters provide valuable reference tools that will help readers to explore topics in more depth and to engage in independent research

the onslaught of neoliberalism austerity measures and cuts impact of climate change protracted conflicts and ongoing refugee crisis rise of far right and populist movements have all negatively impacted on disability yet disabled people and their allies are fighting back and we urgently need to understand how where and what they are doing what they feel their challenges are and what their future needs will be this comprehensive handbook emphasizes the importance of everyday disability activism and how

activists across the world bring together a wide range of activism tactics and strategies it also challenges the activist movements transnational and emancipatory politics as well as providing future directions for disability activism with contributions from senior and emerging disability activists academics students and practitioners from around the globe this handbook covers the following broad themes contextualising disability activism in global activism neoliberalism and austerity in the global north rights embodied resistance and disability activism belonging identity and values how to create diverse coalitions for rights reclaiming social positions places and spaces social media support and activism campus activism in higher education inclusive pedagogies evidence and activist practices enabling human rights and policy challenges facing disability activism the routledge handbook of disability activism provides disability activists students academics practitioners development partners and policy makers with an authoritative framework for disability activism

this path breaking handbook signals the emergence of a vital new area of scholarship social policy and activism it aims to be a thought provoking interdisciplinary international examination of this field

this handbook provides a comprehensive and authoritative state of the art review of the current and emerging research and policy on disability law bringing together a team of respected and experienced experts the handbook offers a range of jurisdictional and multidisciplinary perspectives the authors consider historical and contemporary as well as comparative perspectives of disability law divided into three parts the contributors provide a comprehensive reference to the theoretical underpinnings ongoing debates and emerging fields within the subject the study provides a strong basis for consideration of contemporary disability law its research foundations and progressive developments in the area the book incorporates interdisciplinary and comparative country perspectives to capture the breadth of current discourse on disability law this

handbook provides a valuable resource for a wide range of scholars public and private researchers ngos and practitioners working in the area of disability law and across national and transnational disability schemes the work will be of important interest to those in the fields of sociology history psychology economics political science rehabilitation sciences medicine technology and law among others

this handbook provides a much needed holistic overview of disability and sexuality research and scholarship with authors from a wide range of disciplines and representing a diversity of nationalities it provides a multi perspectival view that fully captures the diversity of issues and outlooks organised into six parts the contributors explore long standing issues such as the psychological interpersonal social political and cultural barriers to sexual access that disabled people face and their struggle for sexual rights and participation the volume also engages issues that have been on the periphery of the discourse such as sexual accommodations and support aimed at facilitating disabled people s sexual well being the socio sexual tensions confronting disabled people with intersecting stigmatised identities such as lgbtbi or asexual and the sexual concerns of disabled people in the global south it interrogates disability and sexuality from diverse perspectives from more traditional psychological and sociological models to various subversive and post theoretical perspectives and queer theory this handbook examines the cutting edge and sometimes ethically contentious concerns that have been repressed in the field with current international and comprehensive content this book is essential reading for students academics and researchers in the areas of disability gender and sexuality as well as applied disciplines such as healthcare practitioners counsellors psychology trainees and social workers

disability is defined by hierarchy regardless of culture or context persons with disabilities are almost always pushed to the bottom of the social hierarchy with the advent of the convention on the rights of persons with disabilities 2006 disability human

rights seemingly provided a path forward for tearing down ableist social hierarchies and ensuring that all persons with disabilities everywhere were treated equally despite important progress the disability human rights project not only remains incomplete but has often created new hierarchies among persons with disabilities themselves or across the human rights it promotes certain groups of persons with disabilities have gained new voices while others remain silenced and certain rights are prioritized over others depending on what states international organizations or advocates want rather than what those on the ground need most this volume was inspired both by the continued need to expose human rights violations against persons with disabilities but to also explore the nuanced role that hierarchies play in the spread implementation and protection of disability human rights the enjoyment of human rights is not equal nor is the recognition of specific individuals and groups rights in order to change this situation inequalities across the disability human rights movement must be explored divided into five parts who counts as disabled political social and cultural context which rights on top whose rights on bottom pushed to the periphery in the disability rights movement representations of disability and comprised of 34 newly written chapters including case studies from the anglophone caribbean bangladesh bosnia herzegovina china ghana haiti hungary india israel kenya latin america poland russia scotland serbia and south africa and other countries this book will be of interest to all scholars and students of disability studies sociology human rights law and social policy

this scholarly handbook covers all aspects of people with disabilities entering the workplace including the legal aspects transitions types and levels of employments the impact of different disabilities and the consideration of the intersection of disability with other identities such as gender and ethnicity comprehensive in scope chapters look beyond organizational strategies that accommodate an employee s disability and use case studies to highlight important issues and the individual s

perspective the handbook concludes with a reflection on the work included in the book what was not included and why and makes recommendations for future disability research marking a major contribution to the study of workplace diversity and bringing together academics from various disciplines and global regions this handbook covers a truly broad and diverse mix of approaches theories and models

this comprehensive handbook provides therapists social workers educators and mental health professionals with effective clinical interventions for working affirmatively with disabled clients and their families using an intersectional and strengths based perspective manasi shankar brings together interdisciplinary experts to outline the history of the disability community in the united states their resultant experiences and best practices in clinically affirmative care chapters are authored by disabled scholars marriage and family therapists disability activists and researchers to amplify the voices of disabled experts topics include models of disability ableism disability in older populations sexuality disability and persons of color moving toward the critical role of marriage and family therapists and the ways they can integrate affirmative approaches into their work filled with case vignettes this handbook offers clinical applications of treatment strategies as well as pedagogical features for educators to supervise and instruct graduate students in working with disabled clients in therapy this book aims to inspire therapists to incorporate disability dialogue into clinical practice deconstructing the fragmentation of disability as outside the scope of marriage and family therapy mft this text is an essential reading for graduate and licensed marriage and family therapists clinical social workers counselors and educators in mft counseling and psychology about the artist mariam par□ became a quadriplegic after surviving an act of gun violence at the age of 20 determined to pursue her passion for art she relearned how to paint by holding brushes with her mouth evolving into a distinguished visual artist and mouth painter with over two decades of creative
